

Dear **ASF** Family & Friends,

While 2020 was devastating to all Armenians, compromising stability, unity, and hope among our people, there have been instances of resilience and determination, belief in survival, and willpower to fight for justice and equality.

Despite these difficult times, the **Armenia School Foundation** has continued supporting village schools in Armenia, providing them with brand new colorful classroom furniture and other educational necessities. In 2021, in its 18th year of operation, ASF has completed **20 school projects**, for a total of **\$136,130** and has provided **1,066 students** with all their classroom needs.

Since its inception in 2003, the **Armenia School Foundation** has:

- Completed **402** school and pre-school projects in Armenia and Artsakh
- Delivered **16,300** student sets, plus corresponding teacher sets, blackboards, bookcases, computer desks, coat-hangers, etc.
- Provided **32,600** students with new high-quality classroom furniture and fixtures

All the furniture is manufactured in Artashat, Armenia providing employment and securing livelihood to several households.

ASF continues its focus on improving student lives in rural Armenia and Artsakh. We believe that a better educational environment promotes the desire in students to learn, to create, and to engage, in turn resulting in advancements in personal and national progress.

The Board of Directors of ASF thanks you for your continued support and wishes you a healthy, peaceful, and prosperous New Year.
